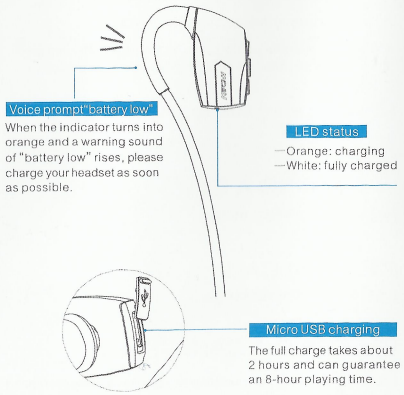
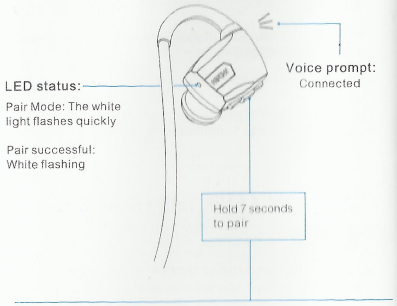
CHARGING THE HEADSET

Charging the headset before use is recommended but not required. Every Mpow Antelope headset is pre-charged before it leaves the factory.



PAIR IT TO YOUR PHONE



1. Before using the headset for the first time, you must pair it with your phone.
2. Turn on the Bluetooth function on your phone.
3. Press the Multifunction button for 7 seconds until The white light flashes quickly flashing alternately, you will also hear a voice prompting "Pairing".
4. Search Bluetooth devices and select " Mpow Antelope " on your phone. Enter passcode 0000 if needed.

5. If pairing is successful, the white indicator light will start flashing slowly, you will also hear a voice prompting " Connected".

6. Paring failed: Please turn off your headset and then repeat the steps outlined above.

7. Automatic Connect: It will connect to the last connected phone automatically when it turns on. Please make sure the Bluetooth function of your phone is on before turning on the headset. If not, it won't connect to the last connected phone automatically.

POWER ON / OFF THE HEADSET

Power on :

Press the Multifunction button for 4 seconds until the white indicator light flashing, you will also hear a voice prompting "Power On".

Power off :

Press the Multifunction button for 4 seconds until the orange indicator light turns on and then goes off, you will also hear a voice prompting "Power Off".

CONNECT TO TWO BLUETOOTH DEVICES AT THE SAME TIME

1. Pair the Bluetooth headset to the first phone.
2. After a successful pairing, turn off the headset, and also turn off the Bluetooth function on the first phone.
3. Pair the Bluetooth headset to the second phone.
4. After a successful pairing, turn on the Bluetooth function of the first phone. Select the "Mpow Wolverine" and click "connect".
5. Two phones will both be connected to the headset at the same time.
